

Data sheet

XC II 400 Pro

BIZERBA

Modern PC technology in a compact design is what the X-Class II Pro series stands for. Benefit from an integrated 3-in-1 printer. This device allows convenient, intuitive and fast operation via touchscreen. Enjoy more performance due to a large RAM. All models are provided with a powerful Intel® Quad Core processor. Ideally suitable for new features or individual requirements.

More information
High performance with a wide range of solutions and options.

Product description

Hanging scale XC II 400 Pro provides you with functions for a modern seafood counter: Due to the intelligent mounting of the load platter wet products will not drip on housing and connections. Weighing, labeling, advising customers and transactions are possible with this scale. Communicate information, advertising contents and cross selling campaigns via a brilliant customer display.

A powerful and open PC platform ensures high performance: The large RAM has sufficient memory to let you implement new features or individual requirements. Even the use of 3rd-party software presents no problem.

The 3-in-1 printer is unique on the market: With just one device you can print receipts, labels or linerless paper. Replacing a paper roll is a very fast and intuitive process.

XC II 400 Pro 10.1" operator display
